

# SideTrack Productions

## Date & Time Selection Modifications

In the unlikely event that SideTrack Productions is unable to proceed with a recording session due to unforeseen circumstances (illness or equipment failure), a rescheduled date and time will need to be agreed upon.

If you need to change your date or time, please contact us via [info@sidetrackpro.com.au](mailto:info@sidetrackpro.com.au) well in advance. SideTrack Productions will work diligently with you to select an alternative date/ time to suit your schedule. No problem!

If we are fully booked out and no dates or alternate times are available in the designated Term, the recording session will roll over and be conducted during the following Term.

## Cancellation Policy

**If you wish to not honour your pre-selected date and cancel prior to the recording session date**, you understand that you no longer qualify for your discounted rate and will be invoiced your amended full rate charges for any previous recording sessions, payable within 30 days. - OR - a \$200 cancellation fee will be incurred (whichever is the greater amount), payable within 30 days.

**If you wish to not honour your pre-selected date and cancel without notice on the day we arrive** at your location, you will incur the \$200 cancellation fee AND waive your discounts for any previous sessions which will be calculated, amended, invoiced and payable within 30 days.

**This is a small business and a LOT goes into making these amazing songs.** We can only offer 10% and 20% discounts to our clients who respect the dates they select. We base these rates on 4x sessions. If 4x sessions aren't met, we need to recoup our costs from the previous sessions so everyone who works really hard on these beautiful tracks get paid.

It is the responsibility of our Clients to ensure that date selections made in advance are available for SideTrack Productions to conduct the recording sessions.
